

WASH Auto

CONVENTIONAL WASH

The Product

Wash Auto is a Water Miscible cleaning solvent formulated for use in automatic cleaning systems in sheet-fed and web presses used for cleaning the Printing Rubber Blankets and Rubber Rollers of Butyl compound.

Features

- Wash Auto is suitable for automatic blanket wash systems.
- Wash Auto is also suitable for manual blanket and roller cleaning.
- Wash Auto prevents corrosion as it contains special corrosion inhibitors.
- Wash Auto is safe for the press room environment, with a flash point of ≥ 60 degrees.
- Wash Auto contains De-aromatised Hydrocarbons and is low in odour.

User Guidelines

- For use in automatic cleaning systems follow the OEM instruction manual.
- Can be directly applied onto the surface of the Rubber Blanket & Rubber Rollers.
- Can also be diluted up to a 1:1 ratio with water and applied onto the surface of the Rubber Blankets. Direct use is highly recommended.
- After applying the WASH AUTO on the Rubber Blankets & Rubber Rollers, thoroughly rinse with water and wipe with a clean dry Sponge.

Safety & Security

- Always make use of Protective gloves and goggles (eye wear) while using the wash.
- Keep away from naked flames or dangerous flammable and hazardous material.
- Store separately in a cool and dry storage area. The storage area must be aptly ventilated.
- Avoid direct skin and eye contact. Do not inhale the vapours / fumes directly.
- In case of Skin / Eye contact immediately rinse with water thoroughly and consult a physician.
- In case of ingestion immediately consult a physician. - Do not induce vomiting.
